DIAMOND HARBOUR MUNICIPALITY

SOUTH 24 PARGANAS

Technical Notes for Implementation:

Jointing: Ensure all Supreme fittings are joined using high-quality solvent cement to prevent leaks, especially at the transition points between "old usable" pipes and new ones.

Support: With 45 clamps on the North side, ensure the vertical spacing between clamps does not exceed 1.5 to 2 meters to prevent pipe sagging or vibration. and mending good damages to the cut hole with cement mortar 5:1

Testing: Once the relaying is complete, a smoke test or water test should be performed on the soil pipes to ensure there are no foul odors or leaks before dismantling the scaffolding

Terms and Conditions :-

- 1 Intending quotationers should quote their rate in their own letterhead both in figures and words.
- 2 Rate should be quoted including all statutory fees, Taxes and delivery charges etc.
- 3 Work shall have to completed within 15(Fifteen) days from the date of issue of work order.
- 4 Quotations are to be submitted to the office at the chamber of the Chairman within 2.00 P.M. on or before 13.02.2026 and will be opened on the same day at 3.00 P.M.
- 5 The undersigned reserves the right to accept or reject any or all tenders without assigning any reason what-so-ever.
